INCOMING LOAN AGREEMENT

Incoming loans will be accepted at its discretion by the Association for the purpose of exhibition, research, teaching or for review by the Association as a pending donation.

The Lender hereby acknowledges that they are authorised to lend the items listed below and agrees to the conditions. The GVC Inc will not accept any responsibility for marks or scratches obtained whilst displayed on our premises.

The Association will give the items loaned the same care and consideration as it does to comparable property in its own collection. It is understood that each item shall remain in the same condition in which it was received, excepting for normal deterioration. Items shall not be altered in any way, repaired, retouched or unframed without the approval of the lender.

The vehicle battery will be disconnected for additional safety. The vehicle will be roped off from the public. If the lender does not wish the vehicle to be roped off, he/she agrees to clean the said vehicle at least monthly.

Insurance is the responsibility of the owner/s and the GVC will take no responsibility for same. Insurance companies should be advised of this storage of your vehicle whilst at GVC.

The Association cannot accept a loan for an indefinite period of time, such as a “permanent loan”. Loan tenure is restricted to a maximum of one year but requests for a loan renewal will be considered.

Items loaned shall remain in the possession of the Association for the entire duration of the loan period unless the lender gives written approval to other arrangements. Exhibition of the loaned items is at the discretion of the Association.

It is the responsibility of the lender to notify the Association of a change of address or a change in the ownership of loaned items. Items on loan will be returned to the recorded lender unless a claimant can provide satisfactory proof they have the legal authority to accept the return of the items.

If after all reasonable efforts and through no fault of its own, the Association is unable to contact the recorded lender following the expiration of the loan period, the Association will have the right to store the items in any manner at the lender’s expense. If after two years such items have not been reclaimed, and in consideration for its storage and safeguarding during this period, the items shall be deemed to be unrestricted gifts to the Association.

The Association requires 24 hours notice from owners of vehicles when they wish to remove said vehicles from the display. The vehicles can only be moved outside normal opening hours.
